

Humphrey Specialty Pharmacy

Individualized care, convenient access, safe, secure

Humphrey Cancer Center now offers a dedicated pharmacy for the specialty drugs not readily available in many retail pharmacies.

Humphrey Specialty Pharmacy is staffed by clinical pharmacy specialist, Amy Anderson, PharmD.

Purchasing your drugs through Humphrey Specialty Pharmacy offers easy access, security and seamless coordination. A pharmacist specializing in cancer care is readily available to answer your questions in person or by phone.

Integration of pharmacy services at Humphrey Cancer Center can reduce the added physical challenges of getting to a pharmacy to pick up your cancer-related medications. Your specialty drugs can be picked up in person in Robbinsdale or mailed to your home. This allows you a convenient way of purchasing your drugs when you come in for an appointment. Prescriptions can also be filled for any of our outreach locations: Buffalo, Cambridge, Princeton, Wyoming.

Specialty drugs available through Humphrey Specialty Pharmacy include:

- Oral chemotherapy agents
- Anti-nausea
- Pain
- Anxiety and depression
- Antibiotics
- Other cancer-related therapy medications

We accept most insurance plans.

As one of the region's largest and most comprehensive cancer and hematology programs, we can help ease drug therapy concerns, provide customized attention, and now, we can provide easy access to those drugs you need for cancer treatment.

For more information on Humphrey Specialty Pharmacy, ask your physician, or call (763) 520-1061.
